REPORT OF VIOLENT OR CRIMINAL INCIDENTS FOR 2008-2009 SCHOOL YEAR

During the 2008 – 2009 school year, Lovelady Independent School District had no violent or criminal acts occur on Lovelady Elementary campus or Lovelady JR/SR High School campus.

Lovelady Elementary uses the Character Counts curriculum for violence prevention and character education, while Lovelady JR/SR High School uses Teen Leadership. Both of these programs have components for anti-bullying, drug awareness, as well as many other character issues.

In order to improve the safety of our students, Lovelady ISD also employs the V-Soft visitor screening program to perform instant background checks on all visitors. The program gives access to data bases of 48 states to screen for individuals that have a history of sexual offenses.
